

## **EnhAnced Government LEarning**

Once mastered, users can contribute and share their knowledge on a given topic and provide an OER for other users to learn from.

## Collaborate

Users are able to search for information in semantically linked documents in varying, user-defined contexts, both on the regional and European level.

Users can use OER to deepen their understanding and formalise their knowledge.

Learn

Users can find the EinC desired information enriched by semantic processes and linked to relevant sources and cross-references.
